

To Whomever this may concern

During March 2024, NCE Soccer will be participating in a cultural exchange tour of Brazil for boys in the 2008 through 2012 age group. This promises to be an incredible cultural opportunity of travel for the boys with the group departing on Thursday March 21st, 2024 and returning on Saturday March 30th, 2024.

This event has been established to provide our players with the opportunity to experience an international culture both on the soccer field and within the community. The players will compete against and train with top professional club's academy programs including some of our international partners. Our players will get to experience the soccer culture of Brazil and also see some of the most famous sights in the world including Sugar Loaf Mountain, the Statue of Christ the Redeemer and even watch a top-class live soccer game at the Maracanã Stadium. In addition, they will be able to measure themselves against some of the top players across the region of Rio de Janeiro.

Further to the soccer sessions the players will participate in community outreach programs with NCE Soccer, and its foundation by providing some of the most disadvantaged areas with soccer equipment, clothing, and coaching. Our players have been involved in collecting soccer resources to deliver to the communities which we feel will make a significant impact as part of this tour.

All travel safety protocols and guidelines will be followed by the group which will include staff members from NCE Soccer, bilingual tour guides and chaperones.

If I can offer any further details about the tour or provide clarification on the schedule and expectations of those travelling with the group, please do not hesitate to contact me at the number and email address listed below.

Sincerely,

John Curtis
